Meet Our Summer Associates

In the legal profession, summer associate positions provide law students with hands-on experience working for a law firm in the summer after their second year of law school. These positions are opportunities to experience life as an attorney firsthand, allowing students to embed themselves in a firm to do much of the same work they will likely do as a full-time associate post-graduation.

Meet our 2022 summer associates, Ben Kimes and Kyle Cunningham.

Summer associate, Ben Kimes

Ben earned his undergraduate degree from the University of Illinois at Urbana Champaign and now attends law school at the University of Illinois College of Law.

Ben is pursuing his law degree thanks to a passion for public policy and a desire to help give back to the community in a positive way.

Summer associate, Kyle Cunningham

Kyle hails from Skillman, New Jersey and is a proud Aggie, earning his undergraduate degree from Texas A&M before attending law school at the University of Wisconsin.

Kyle was motivated to study law when he saw firsthand the impact the profession has on the lives of people.
